If you live in a regional, rural or remote area of Australia and are new to Broadband, you may be eligible for Broadband Connect. Westnet, with support from the Australian Government, is making broadband ADSL more accessible to people in regional, rural and remote areas of Australia. The Mount Compass exchange is in an area that is covered in this government initiative.

Please note – this government initiative runs out on 30th June 2006.

Why Wait?
Get Connected to Broadband for FREE
Free set up + Free modem + First 6 Months Half Price
* conditions apply
Broadband ADSL is available to more Australian businesses and households than ever before.

The Deal from Westnet

- **Waive your set up fee** (save \$99)
- **PLUS** give you the choice of a free modem (save \$119) or a discounted wireless modem (\$129, save \$70)
- **PLUS** your first 6 months of Internet access at half price (any plan)
- **In addition** (if referred by your local agent), you will also receive a further **full 1-month free** Internet access for whatever plan you are on.

What will it cost – Plans

- No start-up fees (only the plan you choose - ½ price for first 6 months)
- Plans start from \$19:95 per month (full cost) for 256k/64k speed (500mb)

There are only limited ADSL ports available from any exchange – (1 port per connection). Once they run out – no more ADSL connections will be provided by any Internet provider until Telstra upgrade the exchange (as of 05/05/06 – Mt Compass has 26 left)
